REMARKS

Claims 1-27 and 30-32 are pending in the present Application. The Specification has been amended to claim priority to earlier filed U.S. Patent Application 09/965,630, filed on September 21, 2001 which claims priority to US Provisional Patent Application S/N 60/235,743 filed on September 27, 2000; US Provisional Patent Application 60/235,821 filed on September 27, 2000; and US Provisional Application 60/235,974 filed on September 28, 2000. US Patent Application 09/965,630 was copending with the present Application. The delay in the claim for priority by the Applicant was unintentional.

No new matter has been introduced by these new claims. Reconsideration and allowance of the claims are respectfully requested.

If there are any additional charges with respect to this Amendment or otherwise, please charge them to Deposit Account No. 06-1130.

Respectfully submitted,

Dave S. Christensen
